BAND STORY

"

Drinking, Fighting, Playing music. Biography: It all started with a bottle of malt liquor and a dream. One of those fucked up dreams where you're trying to run but you aren't actually heading anywhere. Actually now that I think about it.. it probably started with food poisoning. Who knows? Anyway.. we're 3 guys who have been playing punk rock for a really long time. What we do is straight forward, no holds bar, in your face Punk Rock. If you don't like that.. move along sonny. Otherwise, grab a beer and let's party!
