## BAND STORY

"

Formed in early spring 2009, LookOutLook has been just simply making songs that are fun, catchy, and showcase our fun-spirited attitudes. We've shared the stage with Civet (HellCat Records), Teenage Bottlerocket (Fat Wreck), Banner Pilot (Fat Wreck), Agent Orange, The Ataris, Voodoo Glow Skulls, as well as local Phoenix acts like Raina-Fire, Die Ignorant, VW Trainwreck, Nothing ADD All, Fayuca, Off The Mark, Bear Awesome, and many more.

Or maybe I should tell you about how we have pretty people in our band. C'mon, we really do. Go see our pictures I posted a bit ago (See, no one else has really done that here either. We are pioneers, I tell you!!!) so you believe me.
